STUDENT COMMENTS – WINTER 2000 - SLGY 3333 001
INSTRUCTOR: 201007132

1. What did you like best about the course?

- The enthusiastic atmosphere during class from Bruce and Conversation
 - This is one of the few courses that actually stimulates independent thought and I think about in context to my life and society.
 - that discussion is so much a part of this courses learning
 - that Bruce takes the time to make sure the students understand material.
- Bruce's enthusiasm & zest for the course made it interesting & fun.
- The syllabus itself, Bruce's personable, inspired style of teaching and the convenient, easy-to-follow PowerPoint notes.
- Tim Bits
- Bruce's stories and the discussions
- The thoroughness with which the material covered was dealt with and the confidence I feel that I am academically well-prepared to pursue any other sociology courses I'll take. love the power point -enthusiasm of instructor - extensive class/teacher interaction with the material.
- I found many of the concepts to be interesting and Bruce made the class very interesting and enjoyable.
- Even though the information in the course isn't on its own that exciting it definitely helps to have a professor who makes it exciting & interesting
- The class discussions. It really helps us understand the material presented to us.
- good instructor
- The teachers passion for teaching that made me understand and want to know more. I didn't just learn it for the tests he made it fascinating
- The organization, the way he teaches, the method of class involvement
- The instructors attitude and enthusiasm. Theory is a dry subject, he always makes interesting.
- I am majoring in sociology, and Bruce makes time content relatively east to understand. He is a great prof too!
- The way Bruce makes you think about issues in our surroundings (not what I'm use to)
- The prof appears to be very enthusiastic & energiezed
- The instructor is enthusiastic about the course material. May overwhelm some students
 - May wish to consider being less forceful in presenting his own examples
- The course is great. I am completely biases. I like the professor.
- class interaction, discussion
 - Bruce's enthusiasm
 - on line class evaluation
 - on line notes.

2. What changes would you like to have made that would improve the course?

- Nothing I can think of
- Bring in Lecturer's from other institutions
- Participation mark
- None
- none
- The only thing would be the style of the first midterm - having more time to prepare for the questions.
- Cut short some people from hogging their spotlight during class discussions
- the text book sucks
 - no text
- More time to debate
- nothing
- The course breakdown of marks
 - Too many marks tied up in too few items
- More efficient use of class time
- see above
- The course is demanding but manageable.
- midterm - standards
 - more marks for other projects

3. Other comments:

- Although sociology is interesting I would not have taken a theory course in it had not been taught by Bruce . I took this course as an elective and have attended Bruces other courses.
- I will sign up for any other courses instructed by Bruce in the future regardless of subject nature.
- Bruce is one of the best profs I've ever had at MRC. Occasionally I find it annoying when class discussion dilutes the substance of lectures.
- This was by far, one of the best classes I took and in my 2 year studies at MRC Bruce was the best instructor I ever had at MRC.
- This is the third course I've taken with Bruce Mount Royal should consider itself extremely fortunate to have a tenured instructor such as he.
- Bruce is a great instructor who loves what he does
- Great work Bruce! You are a truly inspiring teacher
- Bruce rocks
- This course is not a requirment for me but I took it for the instructor because I find him fascinating and motivating
- Overall it is a very good course
- I have enjoyed the course
