Comments:

- I would like to see more exams worth less of the total final mark as there is a lot of material to cover in this class and it would be easier to absorb it in smaller increments. You seem enthusiastic about the subject matter and try to make class entertaining and fun. I would also like to see less note taking from the overhead and more in depth discussion on fewer areas.
- He knows the course material and is very enthusiastic about teaching it.
- Bruce is an awesome teacher who obviously loves to teach and enjoys what he teaches!
- I think Bruce is an excellent teacher and he makes class very interesting. I actually look forward to coming to his class and he's funny. He relates class material to other areas and he has a good attitude.
- He seems very knowledgeable about the subject matter and does a really good job of teaching it in a way that is interesting to learn. He also encourages lots of class participation, which makes the class much more interesting.
- Very good teaching skills. Bruce makes coming to class very enjoyable! Good work. Web site is Great!
- Good Teacher!
- Very approachable, enthusiastic, I would recommend him to others!
- He is unfair due to only giving one midterm.
- Bruce is a great Prof.
- Best Prof. I've ever had.
- I would definitely recommend that other students get Bruce as an instructor for Sociology. He is very knowledgeable and easy to learn from.
- Bruce provided a comfortable environment in which student participation was encouraged. The material was well presented and I was able to associate the outside world with the material I learned in class.
- Enjoy class. Instructor made it interesting!
- Sometimes the class is too much taught by 'the devil's advocate' spending five days examining the pitfalls of an opposing theory does not help show the strengths of the preferred theory.
- I was very satisfied with Bruce as an instructor. I have so far thoroughly enjoyed this class. I would however suggest that for reading tests to not ask so many questions about statistical data, such as dates, percentages, etc. but focus on the content and how it relates to our views of society. I feel this would better prepare us for the final midterm.
- Is an excellent instructor. He not only teaches, but always has something interesting to say and makes this an enjoyable class.

- This class is great and Bruce is a wicked teacher. Some other people told me to go into this class because he was so good. There is one BAD thing about this class and it's that there is only one midterm and once you screw up it's over. I studied super hard for the midterm and the mark I got was not what I expected. This is what makes the class hard and even harder to try cause if you improve it; it won't get you far.
- Bruce has good use of examples and is entertaining to listen to - I enjoy this. Sometimes, though, he can be too opinionated and will argue to have things his way, no matter what you say.
