1. It would be nice to do something other than take notes for 3 hours straight every week. It does get sleepy & boring.
2. Thanks for being enthusiastic and knowledgeable. It made a 3hour class interesting, and I learned a lot.
3. Very knowledgeable about the course and a pleasant individual and also very straight forward about how he wants things done.
4. Bruce is honestly an amazing professor. He knows sociology so well and is able to give us the information in a clear way. He gives great examples and clearly lets us know what is expected of us. Thanks so much.
5. Bruce is a really great prof. I enjoy coming to his class every week and hearing his lectures. I would definitely recommend him to my friends. His class is really informative and interesting.
6. I truly enjoy this class! I think Mr. Ravelli is a fabulous teacher & I would strongly recommend others to take this class! Thanks Bruce! Katie St.Antoine
7. I find Bruce's lectures informative & very amusing. His enthusiasm for the material is great to see. Its not often a professor gets excited when discussing theories. I would definately refer fellow students to Bruce for instruction, and recommend taking any of his classes.
8. I really like that you use powerpoint and make lecture notes available online but I think that an actual text book would be very helpful to go along with the reader.
9. The instructor in this course is very well prepared. Bruce is never not fair. Always prepares you for mid-terms. His lectures are always interesting. And he gives you time to talk to him and if you need help.
10. I think that Mr. Ravelli is an amazing teacher. Every way he teaches seems to work perfectly for me. He is very knowledgeable on this subject, he is helpfull and addresses everyone equally. He's great.
11. Bruce is a great instructor. He keeps the classes entertaining as well as informative to promote learning and retention of the more abstract concepts. His website is very helpful and his expectations are clear and easy to follow given a proper work ethic. I would definitely pursue him as a prof in further courses.
12. I really like the idea and fact that Bruce uses the inter-net and all his class notes are available online! He's also available and ready with comments and feedback if e-mailed or phoned, real quick response time, and provides great help.
13. Bruce, you are one of the best instructors I've ever had. The way you explain things is really interesting and you clearly know what you're talking about – very passionate about this field, and it shows! Thanks a lot!!
14. Bruce is a great teacher, and helps to make my learning environment a positive one. I have just come out of high school and in relation to other teachers I feel much more relaxed and entertained when learning. I look forward to coming to his class as all of his lectures are interesting and sometimes quite comedic.
15. Ravelli is a very enthusiastic teacher, I find his lectures interactive & interesting. However I am not sure what happened on the mid-term, because I knew the material (it was presented in a learnable fashion), but yet I barely passed. I am not sure if there is an approach that could be incorporated into his lessons to help us all feel more confident walking into the exam. Other than the mid-term I have enjoyed his class thoroughly.
16. I find that Bruce uses humor and very good, socially relevant examples when demonstrating course material. I thoroughly enjoy this class and it has expanded my knowledge significantly. I find Bruce to be an exceptional professor.

17. Bruce is a very gifted and dedicated instructor. I have learned so much in this class, not only about sociology, but about life and myself. He is very easy to approach with questions and treats all of his students with respect.
18. Bruce is different from anyone who has ever taught me in the sense that he's entertaining. He knows what examples to use to keep me focused the entire 3 hour block. He's over prepared and knows what he is talking about all the time. Very entertaining, amazing prof.
19. I have yet to have a teacher who knows and understands so clearly what they are teaching as does Bruce. Almost everything he says is delivered and explained so well that I feel like I am in a picture or world that he has created. Amazing!
20. I love the class, and I love your lecture style, I don't think anyone could leave not having learned something. Your examples and analogies are great. But... I don't think your testing methods are fair. You teach in a way that accommodates many learning styles but for your testing they are best suited to only one kind of test writer. My idea for you would be to add a multiple choice section to your exam, or perhaps find some other way to make it a more fair examination process for me your testing method is the hardest it could ever be, which I regret because it tarnishes my impression of your excellent class.
21. The best instructor I have this semester. A great teacher. I would recommend Bruce to others. Makes the class interesting and enjoyable even though it is 3 hours long! Makes the material easy to understand.
22. Bruce I really enjoyed taking this class. I highly recommend you to all of my peers. I never thought I would take a 3 hr lecture again but being in this class was highly valuable. The resources (web, office, email) are maintained to a tee. I like the setup of your exams, you don't give any multiple choice tests which can tend to be difficult with all the possible good answers. I am strongly looking into the field of sociology. Thank you so much! (for making your class fun) you are probably the best teacher that I have had @ Mr. Royal over 2 years.
23. Bruce has raised the bar on the quality of teaching at MRC – he has made some of my other instructors look poor & unqualified and not passionate about being a teacher. His heart is in teaching & helping to increase our perspective on ourselves in our world. I did not understand what critical thinking was until I came to this class room. He expects a lot from his students – but at least he cares. Bruce is a fantastic teacher – hope his teaching catches on to other teachers & puts in as much energy, passion & hard work.
