1. Bruce is by far the best instructor I have had at Mount Royal. His teaching style is effective and he shows a great knowledge and passion in what he teaches! He knows how to captivate his students! I give him 10/10 as an instructor!
2. The e-mail option For mid-term questions was helpful, but you were a little vague about what you wanted (ie: you only wanted short e-mails, but then blasted some of my answers because they were too short. Also, you told me which answering were wrong but didn't really tell me why or how I could improve them). Other than that, great class. Id love to have you as a prof. In another course.
3. Bruce is an incredibly knowledgeable instructor with an obvious passion for his profession. He could perhaps be a little more open to new ideas introduced by students, but for the most part, his methods of instruction are well meant and well received by his students.
4. Bruce class is achievable to do well in, but hes a high need for out of class time. With that need an increase in office hours is needed. Bruce's in class abilities for keeping ones interest are above the average of most profs. A review for the midterm/final could help and should be added.
5. I find that there are often reading that are difficult to comprehend and very boring. If the readings could be more interestin and dealing w/ideas in the world we live in today rather than 100 years ago.
6. I think Bruce Ravelli is an effective Instructor. His dynamic, postive personality is reflected in his teaching. His sense of humour helps me to learn the material and REMEMBER the material. Bruce without a doubt is in the perfect field. His enjoyment for what he does is reflected in his attitude. He makes you want to come to class! I think Bruce Is awesome
7. Good Class. Use of examples and Stories to explain concepts/ theories is helpful. Productive, effective slides contain sound, Relavent information.
8. Very entertaining! Enjoy the stories and examples, I don't fall asleep. Funny and interesting. Only concern maybe a bit strict and harsh marking. It's either regurgatate the exact info or else...Other then that well done.
9. He knows what he's talking about, but his reading tests are too requent and annoying.
10. -great stories, really helpful in relating the concepts to modern life -Topics on gender-specifically women ,can be a bit strong in the way he conveys women's roles historically, however true, needs debriefing at the end because it changes the way a women feels about herself afterwards.
11. Course website is an extremely helpful learning tool to clarify concepts that weren't fully understood.
12. Awesome teacher- awesome class. Bruce is fair in both his teaching and marking this is definitely one of the best instructor's I have ever had...(happy face)
13. Please make sure that class notes are poised on the website ASAP so students can view them as they need to thanks Bruce.
14. This is the class I have enjoyed the most at the college. I value conversation in the classroom and this course and instructor provided that.
15. Bruce's stories add to my understanding of concepts. His midterms are structured in a way that motivates me to begin studying early and go to him for extra help. The reading tests did not really add to my understanding of sociology, although they did help my grades.
16. Really organized and well ran lectures. I like the use of powerpoint for the lectures, it's easier to read then board notes. It makes it clear what he is looking for note wise in tests. The website is really useful as well in case you miss dry or the notes you can always refer to the website really enjoyed the class.
17. I think Bruce does an amazing job, his lectures are highly entertaining and are well prepared his notes are informative easily accesable. I love coming to this class because or the lectures you learn so much infromation and Bruce does the best/factual imitation of a woman I have ever seen.

18. I have found this class to be the best of the 5 I have taken this semester. Bruce is a great teacher and he makes class fun. I look forward to going to class to learn from him.
19. Bruce is an excellent teacher. I like that there are no surprises in his class. He lets you know what to expect!
20. –Very exciting and entertaining lectures-Uses class time to maximum potential –relates material to real life-hard but fair evaluations /grading-very organized and thoughtful material-wouldn't want to miss a lecture
21. Lectures are very interesting and I never am bored. Bruce gives good examples and explains things in a way that are easy to understand.
22. Most enjoyable instructor I have had yet. –Motivating but tough good combination.
23. –Bruce makes this class interesting and I feel that the material covered can be applied to other aspects of school/life. –marking is fair-we are aware of expectations. –very enjoyable!
24. The class is extremely interesting. Bruce presents the material in easy to follow notes that aid studying. Class is fun and a joy to be in. Makes learning much easier because it is fun to be in class and the book is also interesting to read. Bruce does a great job of showing examples of concepts and linking them to aspects of life.
25. Bruce has been a great instructor, although I wasn't sure I'd be able to say that often the first class. He came off sounding like a bit of a jerk, but I think now that was mostly due to the fact that he was burned by his class from the previous semester. Bruce cares a lot about how his students do in a class. He offers lots of opportunity to meet with him for clarification and responds to emails in a timely fashion. My only suggestion on this would be to not take the students lack of taking him up on these offers so personally. You can bring a horse to water but you can't make him drink. It's ultimately the student's responsibility to use the resources provided. If they don't and consequently don't succeed, that's their problem.
