1. Overall the course is good however the syllabus is too (?)
2. In all honesty, Bruce is one of the all time best teachers I've had in my life. A 3 hr lecture class goes by so fast because Bruce makes it really interesting, he brings a lot more to the class than just teaching us SLGY, even if I failed (which I won't) this course I would walk away happy and walk away with more than slgy knowledge but with stuff I'll never forget. I highly suggest others to take the course with Bruce because I honestly think he's an amazing instructor, I'm not saying this to suck up, this is after all anonymous.
3. Without a doubt, Bruce has been the best professor I have ever had. He challenges our minds all the time and enables us to think past manly social issues of society, basically teaching us how to think beyond an (?). He has been very inspiring, and is an amazing professor, he involves everyone and is open to any type of comment. I have never felt so relaxed in a classroom, and learned so much. He is very approachable and even went out of his way so that I had the proper tools to write the midterm. Bruce is a phenomenal professor!
4. The instructor is very knowledgable in his field. The only thing I would suggest if for him to go off topic a little less. I think he should change his format to exams by adding multiple choice with short answer questions to complement those that are better at multiple choice and not so good on short answer.
5. Very very good teacher. Enjoy coming to class and learning. You make it interesting by including students and personal experiences. You are very strict and I wish that you ease off a little on the marking. And maybe for the future have some MC questions and make your short answers worth less..but not too little. Good work! I can finally say that I have learned something, but don't have the mark to show it.
6. Out of all the classes that I have taken so far at MRC this has definitely been the best. Even though it is only once a week I look forward to it. Bruce is an excellent instructor and I think that his class is highly entertaining. I was very skeptical about taking sociology, but I have learnt so much and find that the way he teaches makes the material interesting so you want to learn it. I would highly recommend Bruce as an instructor to anyone wanting to take sociology.
7. I find Bruce to be a very friendly informative and interesting person. The course material is interesting- Bruce makes it fun and enjoyable while learning the material. The reading tests which begin right @ the beginning of class are easy marks. Keep doing those, it forces the students to read and learn new and interesting facts. Thank you Bruce.
8. I feel that Bruce is very knowledgable and passionate about the subject matter. He relays the subject matter quite appropriately. Although his teaching and evaluation style works well for me, I fear that he expects too much of the average student. I get the feeling that Bruce teaches a very different circiculum than the other SLGY 2201 sections, but feel it is appropriate so long as the same learning is achieved. I have very little suggestion for improvement. Well done Bruce!
9. I enjoy this class very much. Bruce brings the material across to the class in a manner that is not only understandable but enjoyable as well. He makes it interesting and for the parts of class that are harder to grasp, he does not hesitate to help us.
10. The course would be easier to understand if text use simple wording.
11. Makes the course very interesting and explains the theories in a easy and understandable manner. Very excited to teach, which makes me want to learn more.
12. Great course, really gets his students involved and excited about the subject.
