1. OUTSTANDING TEACHER. CLEARLY COMMUNICATES RESPONSIBILITIES. GRADING IS TOUGH, BUT FAIR AND HONEST. A GOOD GRADE FROM BRUCE REALLY MEANS SOMETHING.
2. Bruce is a very good instructor who knows a lot about what the topics we learn. He is very dedicated to his students and it was a pleasure to have him as one of my instructors.
3. Bruce is a rose in a field of thorns. He is the one shining star at Mt. Royal college. I say Bruce teach more classes not less. You are the first real prof I felt like to talk to me as much as I liked to talk to him It's Good Stuff.
4. I have to say this is one of the best structured classes I have ever taken. However, I feel the evaluation of work (ex:the midterm) is somewhat severe. I understand the density of the material but I also believe some merit should be awarded for effort. Overall, Bruce is one of the top instructors I've had over 41/2 years.
5. Bruce is a very knowledgeable instructor and is very good at clarifying concepts in a means which can be understood by the target audience. He is well prepared for class and is always available for one on one discussions after class time.
6. Bruce's class is always among my favorites. He teaches material in a way that is entertaining, interesting, thought inspiring, and effective. I recommend him to many other students and take as many of his courses as I possibly can. Excellent prof!
7. Bruce, you clearly take pride in running a challenging course. This is appreciated, however I think a number of us received very modest marks for high level work. Your teaching did allow us to provide good papers and exam results but they were not all recognized with marks. I also think it is safe to say you showed favoritism in the class, not to say this influenced grades.
8. Bruce is a great instructor, He seems to know everything about sociology and he has a good answer for any questions I appreciate the way that he teaches (with the power/point) and he gives great examples I really enjoy Bruce's class.
9. Bruce challenges you, he makes you want to 'really' learn the material. After half a semester I am striving to improve and do well, on Bruce's standards.
10. The material for this course is extremely dense and difficult to get through. If any other instructor was teaching this course, I would not be doing half as well. Bruce comes to every class fully prepared and he ensures that the material is understood. Bruce lay the ground rules for the course and offers up more than just his regular office hours for assistance. He makes the course extremely enjoyable and much easier for students to understand. I couldn't think of a better instructor to teach this material.
11. Having taken intro. With Bruce I was excited to take contemporary theory, but I don't quite know what I will have learned once the class is finished. The instruction is great but I don't see much practical application to the material I have learned.
12. Bruce gives a wide variety of well expressed examples to aid the learning process, he also is very approachable and easy to talk with. However I feel that the way he marks, should be explained more fully at the beginning of the semester. Overall I feel he is a good Instructor.
13. The communication between Bruce and the students is good when it comes to class discussion, but when it comes to personal one on one he seems unapproachable. One suggestion for next semester of this class is maybe make classical theory a pre or co-requisite, because there is a lot of comparison. It makes the study of contemporary theory twice as hard if you did not take classical, because you have learned them both in the contemporary class in order to do well.
14. Bruce is a pleasure to have as an instructor. He manages to make all the course content interesting and makes sure all students engage with the material. He is very knowledgeable in the area, and it is

always apparent throughout his instruction. My only concern is that his expectations for a 300 level course may be a touch high.

15. I believe you are a great instructor over all. I have enjoyed the course very much and have learned more in this class than most others. Your class is intense but fun and interesting. Sometimes, however, I find it difficult or intimidating to ask you for clarification on topics because I feel as if I may be judged for my lack of knowledge or ability to grasp the course material. Overall, thanks for a great learning experience.
