10. The only thing I have to say is this: You are an amazing instructor! The only thing that's wrong, which I know is my own fault, is that your so good at what you do that you intimidate me. That's why I don't speak in class. But, thankyou for a great semester.
11. Bruce is an amazing instructor. He adds humour to the material wich makes it easier to learn and is more then willing to see you outside of class if you need the extra help. Great guy, better instructor.
12. I enjoyed being in your class. you are an excellent instructor because of the way you related lecture notes to our personal lives. I would definetly recommend you as a teacher.
13. Thank you very much for this class. I don't believe I have ever had so much fun. With the idea of the smaller classes and one large lecture class, I like the idea. Having speakers in, would help me to apply the concepts more real life, which is what I think the main goal is (good marks aside). Keep up with the great stories!
14. I thought that Bruce did a great job with the class. He made it easy to understand & learn. My only suggestion would be for him to teach other class for me to take in the future! ☺
15. I enjoyed Bruce's class. He is funny and very interesting to listen to. He provided good examples for the topics and encouraged class Participation. It was good to see that he enjoys sociology because that reflects it in his teaching which makes class more interesting. Thanks for the fun class.
16. I think he is a great teacher, very well informed of his subject and very straight forward teacher. But he should be a little easyier on asking reading test questions to tricky somtimes otherwise awesome class enjoyed it alot and would continue on to learn more about sociology.
17. Bruce is an awesome, entertaining teacher who appears passionate about What he is teaching – very rare For a prof at MRC. This is, by far, the most enjoyable class I have taken thus far. His teaching style has allowed me to become comfortable with the material. Bruce is very helpful with any questions and openly welcomes all students to speak.
18. I would highly recomend him to any other student wishing to take Slgy 2201. Great instructor who makes learning fun and interesting and manages to maintain on topic. The material was fun and interesting and I learned a lot from his class. Great work.

21. Bruce made this class extremely enjoyable and exciting thorough his elaborate examples, insights and especially enthusiasm. He made all of his expectations very clear, and the manner in which he tested us was very beneficial. I have already recommended Bruce and this course to several of my friends, and they are enrolled for next semester. Thanks Bruce, for making this class fun, and one that I never wanted to miss!
22. Bruce is a very good teacher. He makes class very interesting and exciting to come to. His way of thinking encourages his students to be open minded. I like how he often questions us in challenging ways to make us really think about something. I learn a lot from his way of teaching. I would take another class from him any day, and recommend him to others considering this course. He knows how to get and keep the students attention, so we are excited about learning.
23. This is a first year class, and I understand that students must be pushed to achieve what they can; and to weed out the ones who refews to try. But putting a time constraint and a space restraint is too much. One or the other would be fine, but it puts a relatively high amount of pressure on the student to have both. I would suggest that you choose one and I feel your students will do better in your class and enjoy coming to class more often.
24. Bruce is an excellent teacher. He shows a passion for his instruction which makes the classes interesting and motivates learning. The examples Bruce uses are very vivid and stay in the mind helping with studying and writing exams. Bruce is very approachable and has open office hours and shows a willingness to help with a student's learning. He encourages critical thinking. Taking this course from him has motivated me to take another sociology course. Thanks for a great experience!!!
