1. Bruce is a very good teacher and he gives you a lot of insight into the world. Although I would like it if the mid-term was broken up and worth less % for each in stead of having one large mid-term that is worth so much.
2. Bruce is an excellent teacher, his class is very enjoyable. I think test could be a little easier, I find it difficult to manage his class with a full course load. Great stories too.
3. Bruce is by far the best teacher I have had. All his classes are very interesting because he is able to capture the attention of his students with his stories. He also does a lot to help ensure you are able to get a good grade by marking the course content very clearly, providing a mini mid term, and offering office hours (that he really encourages us to attend.) Thank you for a great semester.
4. Bruce you're an awesome instructor and I have learned so much in your class. You challenge the class in a fair way and make class so enjoyable. Keep it up! Good Bless
5. Bruce was an extremely engaging instructor and knows how to keep the students' attention. he had great stories that related to the course. I have recommeded him to numerous friends.
6. I love this class, I love the lectures, there exciting to listen to and I actually want to be here so I don't miss a lecture. Bruce made participating comfortable. Thanks Bruce
7. Bruce was an outstanding teacher, he made the course very interesting. The only thing I can say is that his marking was too hard-he looked specifically for his answers.
8. Amazing teacher with interesting techniques, but his marking style is very hard to understand.
9. Class was most interesting course I have taken and has possibly lead me on my path for further education.
10. he gives awesome examples with concepts so that we understand it clearly. Very good knowledge of everything he teaches and is helpful.
11. I feel that this course runs smothly and helps and individual see the world differently. I would have to suggest that when exam time arrives, it would be a good idea to inform students a head that you want the answers to the questions the same as the slides, you present and then deffine what is written.
12. I think that Bruce is an awesome teacher! I have thoroughly enjoyed this class! He gives really good examples that are very appropriate to the material being taught. They help you understand a lot more, and relate to real life. I think it is a good idea how he gives test questions a week before and let's us work on them. His feedback is very helpful and definetly aid my learning on the mid-term.
13. Bruce is an awesome instructor. Very approachable, know his stuff. his lectures are great. Very informative + challenges us to put what we learn in class in practice in life/"the real world". Should teach drama.....has give some great lecture performances.☺
14. I absolutely love this class! I think Bruce is an amazing teacher, who makes this class fun + interesting. I wish he could teach more sociology classes at a higher level.
15. Bruce is a passionate, knowledgeable and fair teacher. I've enjoyed every one of his lectures. I would definately recommend this class to anyone, it was a definatue eye-opener.
16. Mr. Ravelli is a wonderful professor and an asset to MRC sociology department.
17. The only reason I took this course is because Bruce was reccomended by 3 people that had taken this course before. The way that the course is presented help me learn the material.
18. Keep teaching!! This class gave me reason to get up on Monday, Wednesday, and Friday.
19. Bruce is an amazing teacher. Your examples help me to understand the course content and the stories/ examples are always interesting and funny. You can tell the passion you have for sociology it really comes through when you teach which is encouraging to a student to want to learn more. This is my favorite class this semester! Thanks
20. Bruce's classes are always the most interesting. I initially took the class because of how it fit into my schedule, it is now my favorite. His examples have greatly aided my learning, and while I find some material challenging, he has always made it easy to understand with examples.

21. Bruce is a very good instructor, he uses good examples + stories to portray his ideas. He's very well aware of his students + their needs. But, his marking is way too strict and more flexibility can help alot of the students. (But as if he'll comply!)
22. I really enjoyed this class. The stories and examples were awesome and made the class enjoyable while getting all the course material across. Your marking is hard in my opinion, but fair. I would deffinetely recommend you as an instructor and hope you teach some senior courses.
23. I have enjoyed this class very much. Bruce is knowledgeable and uses great examples. I would suggest, however, that a project or a pre-prepared assignment be integrated into this course for a better understanding of concepts etc.
24. Bruce, I love the passion that you teach with, your class is the only one I actually look forward to going to. Big fan of the mini-midterm, although I didn't do to well on it, I don't think I would have been nearly as prepared as I was for the midterm, had I not taken the mini-midterm. This class has helped me understand so much about how I am influenced by society, and has thus caused me to ask more questions about why things are the way they are. Thank-you
25. This is by far the most interesting and self- beneficial course I have ever taken. Every day I can't wait to tell family and friends what I learned. Bruce has a superior talent for speaking and teaching and uses humor to relate concepts to actual life. This is the one class I could take over and over again and never stop being entertained and never stop learning. I would have liked if we could have done a multiple choice test or short answer instead of the reading test being weighted so heavily.
26. I enjoy the lecture more than any other instructor I have had to date. Entertaining, in-depth, colorful and very much informed. You could be a sociologist Priest. One critique I can think of is that you could relate the course to outside areas of study with more frequency. As a liberal arts student taking a wide variety of courses, that would be helpful and interesting.
