1. I absolutely love Bruce's way of teaching. He makes me laugh and even sometimes want to cry. In the end making me remember class content and examples more clearly. I also wanted to thank Bruce for agreeing to meet with me on extended office hours and being understanding with circumstances that occurred making me unable to make it to those office hours.
2. Really enjoyed your stories they make it easier to relate to subject matter.
3. I love this class + Bruce is awesome! If I didn't like this class I would still come for the discussions and life stories Bruce throws in. But I must admit, the makeup lesson was kinda creepy..... Also love the reading tests. Who wouldn't love the easy marks?
4. I find that Bruce Ravelli is a great instructor, he is very enthusiastic with his material, which helps me feel comfortable + excited to learn.
5. I love this class. You are the most entertaining proff ever. You make sure we know everything we need to and it is fun. We are given everything we need to do good on the tests. (and they are marked fairly) I really hope I can get in to another one of your classes.
6. Although I found the exams to be difficult to finish in the time allotted, they were still doable, but I wish the exams were easier to finish. However everyone suffered the same disadvantage and he marked everyone hard. He was fair. His lectures were very enjoyable and I will recommend him with the warning of his harsh marking, but his lectures are worth it, and he makes you actually care about the course.
7. I really enjoyed taking this course. Bruce is very entertaining and covers the material in a way that is easy to understand.
8. I think the lectures are great, they always help to sink in the information. Also Bruce makes himself available to help guide you to improving your work.
9. -Great teacher and great course. -Highly recommended to anyone who wants to take sociology.
10. Bruce is an amazing teacher! I am very impressed with his teaching style. I have never had an instructor who has portrayed so much passion for the material + our needs as students! I have been @ MRC for almost 4 years now and he has been by far the best instructor.
11. Bruce is an awesome instructor. He explains everything very clearly with very good examples. This is a class I enjoy coming to and learn something everyday, I'm never bored. Some of the reading tests are long and boring, but overall pretty good. I would defiantly recommend this class with Bruce as an instructor to anyone.
12. Excellent course and instructor. Only class I look forward to attending and regret missing. Reading tests seem a bit irrelevant. Not much tested material appears from tem and knowledge aquired from test is not needed, although interesting. Course quizzes may be more effective. Bruce is an awesome instructor.
13. Excellent instructor, lectures are engaging and motivating, expectations are well established. Open environment, help provided outside of class is available, timely and excellent.
14. A very open approachable, approach of teaching style. Bruce makes all the classes very interesting I really like his marking schemes and tests. Bruce made a possible very frustrating course fun to attend. I would recommend him to everyone.
15. Really have enjoyed this class although I am not too keen on "name". Your examples and the way the material is presented is very engaging for a student. I really enjoy how you fuel the class debates.
16. Bruce was an awesome instructor. I would recommend his class to anyone.
17. Bruce always makes his class interesting and informative, his style of presenting even some less interesting course material is always easy to grasp and enjoyable. He makes it easy to relate the material to everyday life, which makes the class more interesting. You can tell he enjoys teaching about the course which is refreshing, the class is extremely enjoyable.

18. Funky Rad class, Bruce is one of the most engaging Profs I've ever had. Great energy (Where is my opium EH!) Great how he gets into character and had definitely influenced both the way I think and the way I view school. Don't mark my so \*\*\*\*\* hard. for real peace.
19. The reader is very interesting. I'm sure most won't be selling it at the used book store.
20. Bruce relates all material to an everyday experience that makes it easier for me to understand concepts, keep up the stories.
21. Bruce is by far the best instructor I have had this semester. His lecture techniques are unparalleled and each and every class was interesting because of these lectures. His tests are extremely hard but very fair. I have no real complaints, it has been a great semester.
22. I came into this class thinking it was going to be lame and boring- I was totally wrong, this class was anything but boring. It really opened my eyes to a lot of new things. I loved this class and am glad now that I took it. Thanx Bruce
23. This class has changed my life. I know that this class would not have had the same impact on me if Bruce did not teach it. I know this because of what I have learned from other students in the same class but with different Professors. I strongly feel that EVERYONE should have to take this class taught by Bruce. He is an effective communicator, funny, personable and extremely intelligent. There is not enough room for me to write all of the things I liked about this class and Bruce. There is absolutely nothing I would change. GOOD JOB BRUCE!! YOU CHANGED MY LIFE!!
24. Bruce is an awesome instructor! He is one of the best I have ever had! His approach to teaching us is both interesting and informative. I would definitely recommend him to other students interested in this course because he knows his stuff!☺
25. Bruce is the most enthusiastic and energetic teacher I have ever had. Because of his teaching and subject matter I have decided to change my major. He is helpful, fair and treats everyone as needed. This has been the greatest class I've been in yet. He has changed my life in so many crucial ways. Thankyou Bruce!
26. Some type of out of class assignment would improve the class.
27. I love your teaching style. You make it fun and exciting, and I hate to miss a class. your stories and experiences and examples add to the lesson, and make it easier to understand. I would for sure take any course you teach. (Even if it was Math. Yuck!) Thank you so much.
