1. As a foreign student, I get great benefit from this course. Bruce give very attractive classes. His knowledge about this course and his points about the society let me know about Canada's culture and the diversity of Canada's society. Bruce, a excellent instructor, also is a great sociologist. I love his classes very much. Actually, Bruce is much better than what I write above, but I don't know how to express my comments better in English.
2. Bruce is hands down, one of the best Instructors Ive had in call my schooling years. Makes you want to come to class
3. Great instructor, I love his class. Bruce is a very tough marker but very fair. Bruce has great stories and a lot of energy.
4. Bruce, You are an amazing story teller! I haven't encountered a prof who never gets that "awkward silence" response from the class. Everyone is involved, everyone is engaged, and most importantly, everybody is learning. You've done one hell of a job! I'm glad you became a Sociology prof, you are super! At it, and I hope to have you next semester!
5. Bruce, you're a bit hard on us, but overall I have learned much in this class especially about how to view societies.
6. extremely well done! For an Introduction Course it realy opens your mind towards yourself and society and how we got here. Enjoyable class that made me want to come to everyone your teaching statagy made the class very interesting. Over all enjoyed every minute of it. Money well spent.
7. Bruce does a really great job in making kids want to come to class. Every class is exciting and full of important information.
8. Good Job Bruce! Enjoyable course I'm sure glad you have plhoburoTenure...
9. I really like how he lectures, he allows us to speak and tell stories that relate to the topic. I also like his stories he tells it makes the lectures more interesting. I also like the slides they are easy to take notes from.
10. Bruce is An excellent teacher. He really knows the material, and gives examples that relate to current issues and he makes the material fun and adds to it instead of regurgitating the text. I would recommend this class to anyone and everyone.
11. Very knowledgable, funny, makes the class fun and interesting Teaches well, Best teacher I've ever had Clearly makes known the expectation on tests
12. Bruce, thank you for being such a wonderful & open-minded teacher. You have made class-time enjoyable & absolutely helpful in every-day life. I hope I get you for other SLGY courses. Just don't mark too hard! ☺
13. He is a great instructor, I recommend him to all of my friends. Everything is nicely layed out ahead of time, he is very good at backing up his arguments. And very helpful throughout with what material in testable and important.
14. Bruce is an all around great teacher and good guy. Always is very helpful with questions and prepares you for test.
15. Instructor is very dynamic, helpful & interesting. Seems to have vast knowledge on the topics he discusses, & uses everyday examples to help clarify concepts. Also encourages class participation & puts forth extra resources for help, such as his website & office hours. An enjoyable & interesting class!
16. Bruce is a really good instructor. He provides after hours help and is straight forward with what is expected of students. Students enjoy coming to class because he is animated, entertaining confident in his material and passionate about it. I have never enjoyed going to a class as much as I do to this one only because the teacher makes it enjoyable.

17. Very friendly and always willing to help whether in the class or one-on-one. Has a talent for incorporating some humour into his instruction while still remaining on topic. Class is always interesting to say the least, and always enjoyable.
18. Even though this is my first year I have a feeling that you are one of the top instructors, and will continue to be my favorite. The way you interact with students in lectures is amazing and I highly recommend you to anyone looking to take sociology.
19. Class is very enjoyable. I have learned and retained the information taught by Bruce. He makes class room environment very open and comfortable to share views. Overall this has been my most interesting class in Mount Royal. The only thing that I don't have great remarks to is the time span we had for the midterm!
20. Bruce is a really good professor but sometimes I feel like he wants us to know more then we can handle in a short period of time, too much content and not enough time. ☺
21. Bruce, I think you are a brilliant teacher. I would recommend you to anyone who I thought should be introduced to the sociological Imagination. I took this class because someone told me about it. I always look forward to your classes. Your doing an amazing job. Thanks
22. I always feel excited to go to his class! He is so enthusiastic about what he teaches which makes me want to know more about it.
23. Loved the lecture, great teacher. The testing I believe was slightly unfair. I am a slow writer & like to take my time on tests, this was not an option in this course. I feel like I missed info. that I know because of the short time given for the test. Maybe a few shorter answers would help solve this problem. Or 2 classes for the mid-term.
24. Though he is a little bit intimidating (solely because he is EXTREMELY confident) Bruce is also extremely helpful. Though he is a stern person, especially in marking, he is fair. He does not treat any one student differently. Though Sociology isn't considered an academic course, and some may not value its importance, I really hate missing Bruce's classes. He engages students and though material may otherwise be dry, he makes it interesting. To avoid sounding cliché I really enjoy sociology with Bruce. In other words, it's my favourite course. ☺
25. Bruce is an excellent communicator, he uses stories & examples to explain theories & other curriculum, he uses people in examples, so you can remember names to help remember a situation. Bruce encourages class participation in discussions and allows and respects each – student's opinion. Bruce seems to have profound RESPECT for each student regard-less of race, ethnicity, gender, or disability. It has been a true pleasure being his student and I value everything I have learned. *Bruce communicates expectations * Bruce marks very fair *it is evident he wants each student to succeed.
26. I really enjoyed Bruce as a teacher, his lectures made me want to attend class. I thought that the midterm was a fair assessment of our learning and I was very glad that we had a mini-midterm prior so that we were better prepared. I am sad that he only teaches one other SLGY class and that it is a hard one because I won't be able to get him as a teacher again. Thanks a lot Bruce!
27. He knows exactly what he wants and expects because he's been teaching it for so long. I enjoy the way he teaches a subject passionately and it comes off as his own personal views even though it's not. By doing this it makes the material clearer as there is a degree of feeling behind the teaching and not just straight text book. He can come of as intimidating, but only until you get settled into the course and how he works.
28. I feel that students should be allowed a better opportunity to write more quality answers in tests if Bruce were to allow point form on some questions where points can be made just as well as paragraph form (ie. Compare and contrast mechanical solidarity & hunter – gatherer society). I feel that I could have done better on my mid-term if he did allow this.

29. I really enjoy Bruce's class, he is approachable, relaxed, funny and knowledgeable. He keeps the class very entertaining. However I think his class is far too difficult and there is too much information to know in short period of time. His tests are rediculously hard. He definitely challenges his students. I do recommend him to students that are hard working and beneficial to his teaching techniques. I on the other hand have difficulting understanding and remembering all information precisely (which he expects).
