1. – always prepared - provides an excellent environment for learning, gives tons of examples that relate to outside of course - Excellent teacher! - really enjoyed coming to class & learning material from Bruce.
2. I would say Bruce is a great teacher, personable, encourages participation and interesting. SADLY I would NOT take his class again because he expects too much from his students. The amount of assignment is too much
3. Bruce is helpful, engaging, and informative. His lecture style is in-line with my learning style. Not only does Bruce provide intuitive lectures, but he also engages students on an individual basis. This clearly helps some of the less active (discussion-wise) students in the class. Great instruction overall.
4. I think Bruce is a great instructor. Bruce has done for me what other instructors never thought to do, he made himself available for whatever help I needed. I think he needs a promotion. ☺
5. Bruce is very approachable and gives feedback when asked. The peer review of the Essays was different. I have never done that before and I'm not sure I really liked it. I do like that we had the chance to write a draft and then revise it before the final one. I also like the take home Exams.
6. I think that the course is really interesting because of the way the instructor presents the material. The only thing I would say is that the work expected is a lot for a second year course, especially because of the instructor's high expectations. It's been a major challenge to complete assignments because I am taking 3 other classes at the same time.
7. Bruce has heard it a million times I'm sure ... but he is by far the best teacher I've had!! Goes above and beyond in assisting students with their assignments or just helping them better understand course content. I've never felt more comfortable in speaking up in class or approaching a teacher for help as I have in this class. You can tell he's passionate about sociology and teaching. Bruce should teach teachers how to teach!! No complaints, great teacher.
8. Bruce is an excellent instructor who works very hard to facilitate the learning of his students. His examples are humorous and applicable and his teaching style is engaging. He marks hard but fair and is always there for help if needed. I would refer my friends to this instructor and class (provided they were willing to work very hard!). Thank-you Bruce and keep up the good work.
9. Bruce is an amazing instructor. He expects a lot of us, but is willing to help us get there every step of the way. He is always available for help and support. He grades fairly and in a timely manner. I wish more instructors had Bruce's enthusiasm and teach style. His passion rubs off on the class, and I hate missing it.
10. I was really scared from being taught this course with Bruce, since I heard his teaching is really hard but I'm really glad I took the class.
11. Hardest marker ever! Awesome Instructor!
12. I think Bruce is inspiring, especially for a Sociology major like myself. I have never had a prof so willing to put in extra time outside of class. I think his style of instructing is so helpful. He made a theory course one of the best courses I've had. On the other hand, I really dislike being graded on only essay writing. I would love to have had exams. I think a mixture of both would appeal to more students. Only being tested on essay

writing allows students to pick and choose what they are graded on. I think we were not tested on the material taught at large.
