1. One of the best teachers I have had. He is really passionate about what he does. Made me consider Sociology as my degree.
2. I think that I would understand this courses content better if we read what you were going to discuss the day before, instead of reading the whole chapter first. This way I think I would remember and understand more of the topics.
3. Very rarely do I get to call an instructor "life changing". But hey, why not now. Thanks a million Ravelli!
4. Bruce has humors stories that make the class fun and easy to learn. Before test the line up outside his office is frustrating. Not sure how to fix that. It's nice to be able to check my answer before time but I hate the line. Killer test, but an awesome class.
5. Bruce is by far my favorite instructor. He is very good at getting the class involved and laughing while helping us learn. He is very organized and clear. Always replies to emails very fast and helps me with anything. He makes the course entertaining.
6. Bruce has been a very impactful instructor on myself and is the reason I am planning on changing majors. His enthusiasm and appreciation for students is unparalleled in my University experience thus far.
7. This instructor was such a good teacher the class was that much more enjoyable for me. I would no questions asked, recommend him to anyone.
8. Bruce does a great job of inspiring his students. While he does a good job instructing he emphasizes the importance of taking responsibility for our own grades and participating in class. I would recommend his class to everyone. His passion about teaching this class makes students want to come.
9. Although the office hours were available it seemed as though I was still unable to receive sufficient help or explanations especially if the help I needed was because I had missed a class. If I was knowledgeable he would clarify - that he did well.
10. The class environment is energetic & exciting. I look forward to coming to class knowing that this is a place for open discussion as well as view points that may challenge my beliefs, which is nice. It is always refreshing to have a teacher who is willing to step out side the box, and challenge others to do so as well to help prove a point.
11. Bruce is a very fun teacher. When explaining his theories he gives lots of stories and examples to better clarify what we need to know. His pre mid-term helped out a lot in that I was more prepared for the mid term in what to expect. He goes through the content slow enough to fully understand it but no too slow that I get bored. I would recommend him to other students. Very fun!
12. On the first day of class we thanked Bruce for being our teacher because he said he rocked this class. I'm still thanking him & recommending everyone I know to take Sisy 1101 with him. Also, no research paper rocks my world.
13. Bruce is very effective in clarifying and helping students understand the concepts of sociology. He is very clear about his expectations in his class and he knows how to keep students engaged. I thought Bruce was fantastic. I have been out of school for a long time and was nervous about coming back especially about this class as I chose it was my major, but Bruce made the class fun and interesting and was great about letting you know what was expected. I look forward to more classes with him. ☺
15. Thank-you for making this course the best class out of the whole semester. You an awesome teacher, although not a big fan of the reading tests, maybe better if questions were in front of students.
