1. Best prof I've had at MRU, keeps class interesting & makes sure we are prepared for our tests. Great study notes as well. Thanks Bruce!
2. – Awesome teaching style - It's nice to have a teacher who is still passionate and excited about teaching everyday. – I've recommended Bruce Ravelli to every student I know interested in Sociology.
3. Love how he explains things, gives great examples when explaining a concept. Easy to relate to. Best teacher I have EVER had! Very interesting class, but somewhat hard to get a good grade.
4. Bruce is an amazing instructor, I find that he is really committed to his work and teaching, and that he really enjoys, what he does - Is a tough but fair marker, and is really responsive to all his student's offering any extra help that he can provide in a way.
5. Great instructor
6. Bruce I enjoyed how your could argue or theorise perspective, as it helped me see how they think. Thank you being super clear on everything.
7. I recommended this course to all my friends, and some are even taking it next semester. Bruce makes sure every class is interesting, and it truly is. I always look forward to this class because I really do enjoy it while learning a lot.
8. Awes class, made me really enjoy sociology and I will continue taking sociology classes because of it. I would recommend the class & Bruce to anyone at Mount Royal wanting a fun, interesting & engaging class.
9. Bruce is truly my favorite instructor thus far at Mt. Royal. He is incredibly knowledgable, very approachable, and communicates the course material in a fun, but very effective way. He is very charismatic and has taught me many, many things in this course. I would reccommend him to anyone.
10. Hard tests – little time.
11. Bruce is a good teacher in helping to understand concepts for this course with his examples. One think I don't like was not being able to buy a used textbook because the online quizzes needed a password as opposed to just having them on blackboard.
12. I find that he asks too much and expects too much from the students on his exams especially for the questions out of the text book. He basically wants the students to put in almost every sentence from the textbook in his tests. Aside for that he knows his stuff very well, is a good teacher, lextures are fun, and when he tells you before the tests if your answer's are good or not is great.
13. Bruce does a fantastic job at keep the class engaged in the course content. Also he explains in detail what to study how to answer which is very effective.
14. I enjoy this course. The instructor is very helpful and I find the examples he uses very effective. I also find the notes very useful and help convey the concept he is trying to teach.
15. Bruce is one of the best instructors I've ever had. The way he teaches the course keeps you interested and wanting you to participate. Even on Fridays when this was the only class I wanted to come to class because I wanted to know more. I well be going out of this class as not only as a knowledgable student but a better person as well. Thank Bruce!
16. – Was able to effectively teach material – very approachable & could explain in different contexts the material - we always knew what was expected from us & how we could do well in the course. – the mini midterm seemed to have either too many questions or not enough time – maybe 25 minutes rather than 20. – textbook easy to understand. Two thumbs up!
17. I found this course to be very intriguing and very educational, the examples used throughout the course allowed me to relate the content to real life. I appreciated that when I needed help, Bruce always took as much time as needed to make sure I completely understood. This was my

- favorite class and I will continue to take sociology because Bruce made it fascinating to me. I would change anything with my experience. Bruce your a great teacher. Thank you.
18. Overall a very good instruction on the course. Some very minor tweaks may be made. While class participation (ie. comments) are welcomed, its almost too welcomed and comments often turn to debates among students. This can waste time on occasion. Overall, a very good job.
 19. Uses good examples to help me understand the material. Hard exams, having them as essay answer questions. Good prof!
 20. An extremely passionate and knowlegable proffessor, however, extremely high expectations made the finals very difficult.
 21. Positive I feel that Bruce is an excellent teacher who is best at his career • makes class interesting • positive attitude • gives plenty of time for assignments • very clear on what is needed Negative • he can never can be wrong • picky
 22. Testing methods are not a fair way to test everybody's knowledge. Doesn't account for varying styles – only uses essay questions – which many students have difficult with (& not because they don't know the material.
 23. Bruce is extremely knowledgeable and appears interested and passionate about the course content which is beneficial to my learning. I think he is an awesome teacher. He is challenging, and I would recommend taking this course from him to other students.
