1. Bruce is very knowledgeable and helpful, but marks too hard on assignments that aren't worth much.
2. Very good instruction. I very much appreciate the availability and honesty from Bruce. Makes course subjects very interesting. My favorite class this semester.
3. Bruce's style of teaching has greatly helped me understand the course content. His use of examples to clarify are brilliant and his knowledge & enthusiasm towards the content has been a great aid to my learning. He is a tough marker, but his critical eye has inspired me to work harder & will benefit me throughout my career as a student.
4. Great prof, makes this course very interesting, considering the content. Applies course to everyday life which makes it easy to understand. Marking is harsh – grade doesn't always reflect the amount of work/effort put into assignments. Otherwise, amazing professor.
5. I really enjoyed this class. Bruce makes theory interesting and engages his students to think. My one concern is it is often confusing how papers will be evaluated.
6. I really feel like Bruce helped me become a better writer throughout this semester. I felt comfortable discussing my work with Bruce, and will take what he taught me and apply it to all my future writing. I would recommend Bruce to any student at Mount Royal, because I really feel he made a difference in my academic career. Thanks so much Bruce!
7. As always Bruce is an amazing teacher. But I feel like the only way to achieve high grades is to always be in Bruce's office. This is possible for some people, but others like myself are too busy for this. Overall, a great class though.
8. Definitely one of the best teachers I've ever had. Classical theory was actually fun and he pushed us to do our best. I really tried in this course because I wanted to do well. Bruce will help students without question, even on a Saturday! I think my writing skills have improved significantly because of Bruce. Thank you for a great course! I hope he can teach senior level courses so I can have him as a professor again! GREAT COURSE! GREAT PROF! YAY!
9. Bruce has been a great professor over the course of this semester. He has given each student an equal opportunity to do really well in this class and he has gone over and above to provide the help we need as students. I did however find Bruce very intimidating at the start of the semester, but as classes went on I found him very charismatic and enthusiastic. I would definitely recommend him to other students.
10. Bruce makes it clear that we can go ask him for assistance with our papers, but he is misleading. He reads our papers, tells us we will get a B, to spend time fixing what he tells us to fix, and then we get C's. I feel I wasted my time even though I fixed what he told me.
11. I think Bruce has been my favorite professor so far at Mount Royal. I have had him for intro Soc. and this course and I have really enjoyed both those classes mainly because of him. He is humorous, gives great examples, clarifies concepts and asks us questions. He tears my writing apart and it has really helped me become a better writer. He has plenty of office hours and offers so much advice with my writing. Bruce, please teach more courses!!
12. There isn't a professor at MRU that puts more effort into making sure that his students succeed than Bruce Ravelli. He expects a lot from his students but always matches the

- expectations with guidelines and opportunities for support. He is the best teacher I've had. He is great if you really want to learn about sociology and are not just worried about your GPA.
13. Bruce is a very friendly and knowledgeable teacher. He is well prepared for every lecture, and always willing to help if we need it. Sometimes I do wish that meetings with him were more constructive -- he says the paper is an A, but you get a C. Other than that, I look forward to taking more classes with Bruce. Thanks Bruce!
 14. I found Bruce to be a harsh marker and was intimidating to talk to one on one. I could have consult a writing aid for help, but the hours were during one of my classes. I found it difficult to not only talk to Bruce but also very difficult to find time to talk to him as his hours didn't match. The appointments I did have didn't even help. I tried to fix mistakes and I could never get a higher mark.
