1. Great class, Great prof. I sometimes found the content difficult, but not due to Bruce's teaching. He is very clear on concepts and on what he expects of his students.
2. In my opinion the class was very interesting and changed my perception of the world Bruce has lots of passion and knowledge on the subject, which made the class very enjoyable.
3. Loved being in the class, showed me how to look at things differently.
4. Bruce is a brilliant professor and clearly has passion for Sociology. Hard marker but has taught me any things on how to view our society.
5. Bruce is extremely knowledgeable & passionate about this course. His passion translates in his teaching. I've really enjoyed him as a prof!
6. I feel as though the course could be evaluated more through multiple choice questions on tests and midterms as well as short answer instead of having to have a specific knowledge of absolutely everything. Bruce is very engaging and interesting and I love the lectures. Class discussion is often riveting and I like that he plays devil's advocate to make us think even when it's not what he believes.
7. Bruce Ravelli is one of the most passionate and outgoing professors I have had at MRU. His knowledge in Sociology is endless and it really makes you think. He changes your perspective and this aids in critical thinking. I would recommend Bruce to other students instantly.
8. I really enjoyed this intro class. I recommend it to most people looking for an insightful and interesting Gen Ed. The only improvement would be to reinforce what to study (knowing the difference between lecture and textbook) -> This was only a problem for the pre-midterm. The only marks I talk about now is Karl Marx!
9. He's an amazing professor, teaches the material very well and relates it to many topics out of the course that helped me understand the course material very well. I would definitely recommend this professor to other students!
10. Awesome Instructor! Exams and assignments are very hard, he is an hard marker but once you have a good understanding of how he does mark it gets better. Most interesting class! I have ever taken I loved it. Bruce knows exactly how to get the information across, I recommended this class to all of my friends!!!
11. He is very knowledgeable about the topics. Perhaps a little too opinionated in some cases. Has good examples and engages class well. Presents information in a way that I can understand.
12. Awesome teacher. Always prepared and gives a lot of good example to help us learn. Make learning easier 😊
13. Bruce is by far my favorite Prof here. He is very knowledgeable about the topic & he teaches it very well. He is funny while giving the lectures which makes me learn more. Before he moves onto the next topic he makes sure everyone knows it. He always hands back anything that needs to be marked the next class. I would recommend Sociology classes to anyone especially if Bruce is the prof. I have enjoyed his class. He is a hard but fair marker!
14. The class was very interesting and made me aware of things going on in the world and our Society. Bruce made the topics really interesting and challenged my way of thinking.
15. Bruce gives off an aura that lights up the room or any indoor space he is walking through. I feel that I diminish his aura just by being in his proximity.
16. Bruce is an excellent teacher. He knows exactly what he's talking about when teaching the subjects in sociology. He always seems to leave me up a new thought and point of view about the reality of society. He's also very fair when it comes to grading tests & exams.
17. Bruce is knowledgeable as well as respect full of his topics and class. However, his expectations seem hard to match and he can be confusing at times.

18. Bruce is extremely enthusiastic about the subject, which really helps me learn. I will definitely take a course with Bruce again if given the opportunity. Marks are provided quickly, and comments are useful in aiding my learning. I would prefer clearly written comments as to why I lost my marks. For ex, if three marks are deducted, what three things did I miss? Overall, excellent instructor. It was my most enjoyable class of the semester!
19. Very good delivery of subject matter/course material. Interesting & engaging class. Some material is too one-sided & opinionistic however, ie economically ideal society etc. Very tough marker but fair among students. Class awesome & fun & interactive which really aids learning.
20. Mr. Ravelli is an excellent professor. It's only my first year as a post-secondary student and he is by far my favorite. He is very knowledgeable at what he teaches and has really opened my mind about Sociology. Almost considering changing my major 😊. He is a fair instructor and is well prepared with new ideas and information in every class. I recommend this instructor to anyone!
21. My only suggestion is for Bruce to post in-class notes on the Ravelli website before class lecture so the material can be understood without the pressure of taking down so many notes. I have not seen a whole lot of notes that I could've printed off and hoped to see more.
22. Bruce is an outstanding prof. Not only is he passionate & knowledgeable, but he provides evaluations, & other necessary sources. I feel this gives us the opportunity to form the best relationship with him possible which is very important. One of the best profs I have had. but also the most difficult – especially for an intro course. Maybe another method of marking should be introduced, like a paper or something. rather than ALL testing.
23. I adore Bruce Ravelli as a teacher! He is the best university professor I have had thus far. He is extremely knowledgeable about the sociology material that he teaches and he makes all concepts interesting. I actually enjoy coming to class, as we often debate about theories and controversial issues. I really respect Bruce and have already recommended him to my friends. At times though, he can be a bit of a hard marker and his feedback on tests is hard to read. To me, his hand-writing is barely readable. But overall, he is amazing. I wish there could be more teachers like him. He is also very passionate about what he teaches and the course work load is very reasonable!
24. He has a different style of teaching, which can be blunt and sometimes biased. This can be good and bad, as he teaches us to view people from open perspectives. Definitely an eye opening course. He can be extremely passionate, which is also good and bad. Sometimes his personal views dominate his teaching and can be uncomfortable.
25. I enjoyed this course and found it very interesting. I liked how Ravelli included a lot of class discussion in his lessons it was helpful in learning. Ravelli's use of examples to explain terms and concepts was also very helpful. Even though I did not agree with everything Ravelli said, he was very passionate about his views.
