1. Bruce is a very passionate instructor that is very knowledgeable in this course.
2. I really enjoyed his class, he made me understand concepts in an interesting way. I like how I can take my paper to him before its due so I can do better. I also like the way he does his exams. It is much easier & does a fair assessment of my learning. Very smart man!
3. Great prof, interesting class. You definitely earn your grade. Makes it worth your while to actually show up to class. Thanks!
4. Bruce is one of my favourite professors, he is the reason I changed my major to Sociology. His lectures are insightful, interesting and always engaging. He is a harder marker than other profs but I believe he sets you up for success. He is more than flexible with office hours and is always available to give you further assistance. This is my 3<sup>rd</sup> class with Bruce and sadly my last since I'm graduating but he has definitely impacted my learning at MRU.
5. Hey Bruce, as always your lectures are very interesting, well organized and you delivery the content in a compelling enthusiastic way – very professional. Only one minor suggestion for this class as I have already mentioned is to clarify the assignment summary as more of an overview of pertinent topics for a literature review. Also, maybe spend a few minutes in class talking about how to read an article and pull out the best infor given the purpose of the summary. Have a great Christmas, *Student name*.
6. Powerpoints were helpful for learning as well as video clips, website links, and other materials used to connect course material to things outside of class. Two paper assignments weer good and having feedback from the first one really helped for the second one. Thanks for letting us pick the questions we wrote on for the midterm!!
7. – Little flexibility – assumption that everyone is slgy major and skims concepts that may not have been learned – very engaging when lecturing + not biased by own opinions on controversial topics. – open to students opinions and always question norms – very enjoyable class
8. Bruce is a great teacher. He is very smart and makes class interesting. Overall great teacher.
9. Good explanations of theories and understanding of material, clear and precise, everything makes sense. Has a lack of balance in sociological perspective.
