1. → very open learning environment. → provides great examples. → gives opportunity to give feedback. → honest & very understandable.
2. Great teaching methods, makes effective use of clas time and is very interesting.
3. Excellent instructor, was always prepared and does a fantastic job of teaching material to students. Very clear expectations set of what is expected from each student in class and on exams.
4. Demonstrates exceptional teaching, and provides excellent examples relating towards the topic Creates an enjoyable environment in every class. I am always excited on what I'm learning nxxt. I strongly recommend this teacher.
5. Very happy I took this course and had Bruce as a teacher. Very interesting and engaging class and I actually wanted to attend all the lectures because Bruce is a fantastic teacher and lecturer. Very hard marker though and realized how hard I actually needed to prepare for the exams.
6. Bruce is a wonderful instructor, I like that he uses examples to explain concepts.
7. • very passionate about what he is teaching. • very open and understanding. • wants all students to succeed. • engages students with the material through humor and example. • very active teacher in that he is very expressive and active while talking (keeps attention).
8. Bruce is an awesome teacher, he is passionate about his work and makes learning fun.
9. Bruce clearly defined what was expected of his class and of the students individually. Was engaged and encouraged student involvement. I felt respected and I enjoyed the class.
10. Bruce is always very well prepared & makes the subject matter interesting. He is very knowledgeable about sociology and relates the material to matters outside the class. I like the mix of slides & lectures and he is very open to class participation. I also enjoyed the way he let us know what was expected of us & that in order to get an A in his class, you must work for it. but if you do get an A (which I am on my way to doing!) then you know that you truly deserve it. I would definitely recommend Bruce to other students & may take another of his courses.
11. Bruce is a very high energy instructor. He never fails to surprise us. He makes class a discussion and involves everyone. Bruce is a very hard marker. I could go into a test being extremely confident, but then walk out with a 50% even though I knew all the information. Bruce helps people see strange things. I always left his class questioning the world around me.
12. Animated fun teacher. Needs to explain his expectations way better. Tests us in other ways other then exams all the time. Loved you telling funny, animated stories to clarify concepts, that really helped. Class was too stressful, your expectations are way to high for a first year class.
13. It is very clear that Bruce is extremely passionate about Sociology and his passion comes through in his teaching. We were fortunate to not only learn from him in class but also through the textbook he authored. I cannot way enough good things about his animated lecture style: he instantly engages his students. His tests are fair and build character. I would recommend this course to any student of any major: the subject matter Bruce teaches relates to all areas of study. The interactive and engaging style of teaching has allowed me to connect to the material and apply it to other courses. Thank you for an excellent semester Bruce!
14. I thought Bruce is a very active teacher and really knows how to engage the class. He explains material in an interesting way and always gives elaborate examples which is very easy to learn from. This was an excellent introduction to sociology.
15. I think Bruce is an amazing professor, by far one of the best I've had here at MRU. He makes this class exciting and interesting. He is very knowledgeable about the content and leaves no question

unanswered. He is very approachable and wants to see all of this students succeed. I have enjoyed his teaching presence and the way he handles his class very much.

16. I enjoyed Bruce's animated teaching approach very much in this class. The lessons I have learned in class are still cemented into my brain and I'm eager to learn more next year.
