1. A little too much emphasis on grammar during marking. Cool guy otherwise.
2. This is not an english course it is a mass media course we should not get an F because we forgot to put a comma some where Thanks! Oh and stop picking favorites
3. He is a good professor but I was overall disappointed with the class. I felt the media aspect could have been so exciting and interesting but he fell a little flat.
4. Bruce is a very good professor. He is organized, approachable, and very knowledgable. He provides great feed-back on assignments and is very helpful when you need ideas clarified. He just needs to put basic course content on blackboard.
5. This has been an excellent class. The use of multiple media devices has kept the student body engaged. ☺ Hope to take more class with this Prof.
6. – very enjoyable class – he keeps students engaged and discusses important topics that really make the students think. – His marking is a bit too hard in my opinion. It is difficult to do well.
7. I find his marking to be unobtainable. He breaks down grading, but then does not give grades for doing what is required. Well spoken& entertaining but seems to play favorites & expects too much when grading.
8. I like that you engage the class to talk lots Powerpoints are awesome! All the videos are very helpful. You seem very passionite making class fun & interesting Gear down on being so tough on marking were only under grads
9. Bruce is very knowledgable about the course, however I found him to be quite pretentious in his marking, marking papers more on grammer than content, which I would expect more from an english Based course.
10. Class can be a bit boring at times otherwise well done and great use of time Bruce abuses his power and uses patriarchy by shutting down the women in the class. Needs to be more understanding and kind with late assignments. More respectful to women and minorities in the class.
11. For Midterm & final a lot was expected of us. I feel that were we given an option to write on 2 of 3 topics or given less topics to know off by heart to write on they would have been much better. It was hard going into it having to have everything memorized to write on 5 possible topics.
12. Well versed. Applies subject matter to current events Knows how to articulate difficult subjects with ease making it relatable and fun.
13. Bruce is very knowledgable but seems to not favor debate and those who may have on an appossing view from his. *Picture of a teddy bear*
14. I love your class and think you are a great prof. You keep lecture interesting, while still informative. The only thing I might suggest, would be to format your power points a bit more. With bullet points or something. They are sometimes difficult to read, & follow along with. Thanks!
15. Bruce is an amazing instructor, his lectures are dense and interesting. However, he is intimidating and expects far too much.
16. fantastic prof. Class is always interesting. He is a really smart guy who obviously really cares about the topic Tough marker, but for a 3<sup>rd</sup> year course its to be expected. assignments and exams are tough but fair It's a shame he won't be teaching mass comm anymore just because he has a bad rap.
17. I find Bruces classes interesting. Although when it comes to marking I am always unsure as to how to improve when I do fix my mistakes they are still not right so it can be discouraging. I feel as though that his standards can be unclear and he can favour students. Bruce can be a good instructor if you are willing to try
