1. What did you like best about the course?

- The thing I like best about the course is that everytime I leave the classroom, I am thinking, as opposed to other courses where when the class is done, it's done. The course and the instructor expand my views on everyday occurrences that I've never really paid attention to before!
- Very interesting. – gives a new outlook towards people, society, and your self. – Teacher very enthusiastic, funny, and interesting. – this class makes you think.
- There are things about everyday life that are more interesting now, than before I took the course.

- The instructor was great! Extremely informative and entertaining. I would be upset if I ever missed any of his classes!
- I like the teacher and how he uses very good examples in class. He is very informative and makes class a joy to come to. This is the best course I have taken, even though sociology is not my big interest. It has now become a subject I think about in everyday life.
- I like the subject, and teaching methods.
