1. Bruce your a great lecturer, but I would like more class dicussion, maybe that 1hr tutorial would be a good idea, but 1 lecture a week doesn't seem to be enough. Is there any way to have 2 1.5 hr lectures and a 1hr tutorial per week?
2. Bruce did a great job of making the class very interesting by using great examples that apply to students. He is a great presence and commands attention very well. I enjoyed the class immenesly and much of this due to Bruce and his instruction style.
3. I enjoyed his instruction very much. Topics were well discussed w/ many different perspectives provided. The Plur. Pants were very helpful in teaching
4. Well prepared for class. like how he incorporated his own studies into the course to help me learn.
5. The instruction in this course is very easy to understand and Bruce makes it interesting and enjoyable. The only thing I'd change is the test format. Maybe instead of 3 essay questions on midterm they're could be two and then some short answer or multiple choice. Generally Bruce is a great teacher and I wouldn't change a thing. Hes been here every class but one and I respect that also.
6. – The course was great! You taught it in a manner that made it pleasant to be in class
7. The class was made very interesting, I enjoyed the way the course content was applied to everyday life. I would highly recommend anyone taking this class to get Bruce as an instructor! Your Awesome Bruce 😊
8. This is a great course, I have learned so much. Bruce is an excellent prof. and I wish he taught more higher level sociology courses. His way of teaching and the way that he uses examples to illustrate his topics is great, and I love how he is still so excited about the material he teaches.
9. Bruce is a great prof; his class was the only one I really looked forward to all semester. He is very helpful and approachable and all his stories related to the course. I hope to have another class w/ Bruce.
10. Really funny so this class is fun to come to, also doesn't talk down like many teachers do.
11. I enjoy the class as Bruce brings up very controvercial topics which get us thinking outside the class. However I am not too fond of the Power Point as a means of teaching and taking notes. All the writing down makes it hard to Pay attention to the lecture.
12. This class s excellent. The mini-midterm was helpful. I think that a research project would add to the course great! Maybe a poster presentation.
13. – You have a great attitude towards teaching. Keep up the good work!
14. This is the only course out of my 5 that I actually enjoy and learn from. I ever find myself repeating learned info in my day to day life. It is a very effective course. Although majority of the reason I enjoy it so much is because Bruce is an awsome teacher who is passonate about his subject and that reflects onto the students. My only recommendation is that Bruce teach other Courses as well. Absolutley nothing negative to comment about 😊
15. Bruce is an excellent instructor. He makes learning fun and enjoyable. Very few instructors have the ability to do that. He is very organized and efficient in his teaching techniques. He is one of the best instructors I have ever had in my 3 years of study at university/college. I would recommend him to anyone and everyone who is planning to take sociology courses at present or in the near future. Live on Bruce!
16. I really love the energy Bruce has while teaching the content of the class. His excited attitude towards Sociology makes the class so much more interesting. I like how he really wants the class to participate and discuss amungst ourselves certain thoughts and ideas brought up in the class. The energy in the classroom was great, I will miss Bruce as an instructor.
17. I thought Bruce was a very good teacher, his examples in class helped me further understand Sociology. He made class interesting, and I wanted to come everyday. And thanx for showing up everyday!

18. Tough but fair... I can't say that I'm going to profit grades-wise from your class (its been forever since I've had to apply course content so productively for exams), but I must say I always look forward to each lecture and whatever new material you throw at us. Its been fun.
19. Make him the prez.
20. This class was awesome, my favorite class this year. The only thing that would make it better is if it was longer!
21. – Almost hypnotizing lectures, because they are so interesting. HOWEVER, information given in class is unfairly ineffective when writing exams, Though one can feel clearly confident in understanding the material + conveying it, that is not what is actually desired on exams. This is extremely confusing. Having the questions in advance is a good idea, it provides some idea of what's expected.
22. He does an excellent job at getting students' involved in the class discussions. I like the way he explains the concepts So we all understand and can relate them to life and see them in action. But the questions on tests are not quite discriptive enough and the points go down.
23. This class has been awesome. You have a way to grab everyones attention + keep it. I do like the idea of having a extra hour to talk about the readings because without that chance I feel they are pretty useless.
24. Mr. Ravelli is the best teacher I have had. – He applies everything to things we know about - If I could I would make sure I had him for the rest of the time I was at Mount Royal
25. Bruce is an awesome teacher. I'm not sure if the material is what I loved about this course, or if it was the instruction. Each class was well prepared and enjoyable to be at. Bruce helped me to think about things a little differently and to want to learn more. I liked Bruce's teaching methods with powerpoint and his easily accessible websight. I hope I can have Bruce as an instructor again. I would and do highly recommend him to others for this course.
