1. This is a very hard course but Bruce makes it simple to understand the concepts.
2. I really like how he takes his time to give examples and make sure everyone in the class understands the topic.
3. The teacher is very knowledgeable and is great at relating the material to subjects outside of class. There would be nothing for this teacher to change.
4. Bruce is extremely animated, knowledgeable instructor. He is fair & understanding. The only thing I would suggest is spacing assignments out more over the semester rather than have all of them due near the end. Other than that, thanks for a meaningful semester. ☺
5. I BELIEVE THIS HAS BEEN THE BEST CLASS I HAVE TAKEN THUS FAR. BRUCES SEEMS TO BE PASSIONATE4 ABOUT THE SUBJECT WHICH DRAWS MY ATTENTION AND MAKES ME WANT TO LEARN. DISCUSSION TIMEFOR THE EXAMS WAS GREAT, PERHAPS COULD HAVE BEEN A LITTLE MORE THOROUGH. HOPEFULLY I CAN TAKE ANOTHER COURSE HE TEACHES.
6. Bruce is an amazing instructor. His class is the only one I have not missed all year. He teaches in a way that is easy for students to stay attentive & makes me laugh almost every class. He is a tough marker but that's fine. It will make me a better stude3nt by achieving his standards. My favorite teacher so far in my college/university experience.
7. I have really enjoyed taking this class with Bruce. He is a fair instructor and it is evident he is very passionate about what he does, which makes a great environment for students to be in, as it is motivational. A great instructor – I would not change anything because the way he handles paper + exam preparation is fair for students, as well as beneficial. To bad he is not teaching contemporary next semester!
8. Bruce is a very good instructor. I've learned a lot about society in this course. Just as what you said at the begining of the course, I do look at society differently than I did before. Very good teacher! (but you mark so hard)
9. Bruce has a good understanding of the course, he's very approachable & uses both class/office hrs. effectively. However, his marking is disgusting & horrible. He acts as though we're scholar students and everything should be "A" material, he should cut some slack & allow room for growth. Overall, he's nice & knowledgeable. HAVE A GREAT YR!!
10. The way you set up the term paper is helpful. Having the paper proofread allows us time away from our own paper and to see the mistakes in other ppl's paper help see our own in a clearer light. Article summaries area really helpful too it allows us to starting thinking early on! This class was really interesting. Making a very dull course more interesting.
11. I really like the peer evaluation system for the term papers. Also, I am sure that those who don't speak much are just busy thinking...(just a thought)
12. Bruce is a very good teacher. His teaching style is excellent. He is able to make dry material interesting by relating material to our everyday lives. I don't see anything that needs drastic improvements because it is one of the best courses to take at the college. Keep up the excellent work Bruce.
13. The way this course is taught is excellent and I wouldn't change a thing. You are always more than willing to help. Main reason I came back to school for a Arts Degree in Sociology was because I remembered taking you course a few years back. It was a good experience even though I failed.
14. For classes where instructors use power point, I usually don't do well. However, you don't just read off the slides, you give a full indepth discussion on what is on each slide. I greatly appreciate all the effort you put into your discussions and even though I'm not doing great in this class, I have taken much from it, and your teachings. Also, I think you need to emphasise at the beginning of the year how important and difficult, and time consuming the term paper is.
15. BRUCE, I had a great time in your class! You are so passionate about sociology! When I first came to your class I was really intimidated by you. But you are one of the most helpful teacher I have ever

- had. When I had to practically re-write my entire term paper you didn't discourage me. You encouraged me. It's too bad your not teaching SOCI 3333. Your class was Great! I don't think you have to change anything about it.
16. Bruce is an excellent instructor; the concepts, expectations and requirements for the course are clearly illustrated and adhered to. He is always available for help, and is quick to return questions by e-mail. I have, and will continue to, recommend Bruce as a sociology instructor. He makes the material interesting and his examples stay with you for years. Bruce is by far the best, and most memorable instructor I have had in my post secondary experience. He has helped shape me as a student, and made me a better learner and student. I hope he continues teaching – his impact on students is so important.
  17. Bruce is an amazing teacher who clearly communicates the material in the course. His lecture style & willingness to help, allows any student who wants to be successful in this course the chance to be. His knowledge is presented in an entertaining and energetic manner that creates a desire to understand and participate in class.
  18. For peer reviews if an example of what was expected for correcting was show in class – it would clarify how much authority one would have in correcting anothers paper. Instead of just saying don't be too hard or too easy cuz it will affect your mark. Really appreciate the website & quick response of questions via email. Willingness to donate time to help students is very much appreciated.
  19. The class was taught very well and I feel that we have enough material to cover what the course is about. If he could be more specific about what is to be known for exams it would help. I understand that everything is on it, but then we would need a lot more time to write the exam. Overall though, it is an excellent class, and he is an excellent teacher.
  20. Bruce is great instructor. Very helpful and receptive to students. Has a great way of connecting during his lectures. I do feel as though what we receive (information) in the course (power pt) is not enough based on the expectations that he has for exams/papers. If I receive a certain level of content any time can I reach that standard in my work. Realistically, college is about being taught and learning. I don't think I should have to teach myself so much beyond the campus and if he expects it then we should be there teaching it. Otherwise, Bruce is a wonderful, instructor and I would still recommend him.
  21. Honestly, I have been having difficulty understanding what is being taught in the course. Although the instructor uses interesting examples, I still do not know how it is relevant to the classical theory. The instructor does not offer extra help to the students, but do not feel he is easy to approach. Overall, the instructor seems very knowledgeable about the subject matter, but I don't think he teaches it in a way that students can understand.
