1. Lectures were long and not always interesting. Should give exams questions earlier.
2. I have enjoyed this class, personally. I find this class hard but interesting. Bruce is a very good teacher, moves quickly with information, But overall very good teacher!
3. I come to class just to hear the stories. Who would have thought an intro course could be so user-friendly. Thanks for making it all CLEAR & PAINLESS.
4. His class was taught very well! I was entertained & interested the entire time. I was learning. Everything was explained and reviewed to ensure that we understood. Thanks for a great class Bruce!
5. I appreciate coming into a course and Being provided with useful, interesting information. The example provided in class are very helpful in learning material and the lectures are interesting and well prepared. Even if this class was not something I was interested in. Bruce makes it one of a kind and very imformative. Thank-you.
6. I took this course as an afterthought and it was definately the most challenging class of my semester—to my value system & beliefs. Even though I didn't agree with everything you said, I enjoyed class each night because you related to us, and made us laugh while giving examples & stories that made the ideas stick in my head. Thanks for a great semester.
7. In school, I have come across horrible teacher's and good teacher's. But it wasn't until I took this class till I met a great teacher. Bruce, you shouldn't change a thing, except for the weekly tests, I believe you should excuse those that are a few minutes late. And in regards to all those comments this semester, excuse my French but the "colorful language". You can't let stuff like that get to you. You are the best teacher. Stick to your guns.
8. Lecture on feminism has made me into a glorified lesbien... and I'm a man—THATS HOW GOOD he is!
9. Bruce was a very knowledgeable and informative instructor. Was able to teach the course in a way that was easy to understand.
10. Bruce was very easy to listen to in lectures. He always kept my attention & made it easy to enjoy the coure. Everything was related to our lives, by Bruce, and he made all lectures interesting. I like how he approaches the exams & the reading tests. Thanks for a great class. and opening my eyes.
11. Dr. Ravelli should wear a big 'S' on his chest, thats how good he is.
12. Teaching method reaches to variety of people and allows all learning abilities to comprehend the material effectivly. Make the class enjoyable and brings humor into the material.
13. Bruce used examples from today's society to illustrate key concepts. I love the class, but felt too much had to be learned quickly. I will recommend Bruce to anyone. I feed bad Bruce b/c of the website. I know he was hurt by one person's ignorant comments & want Bruce to know that was one person & not to take it personally. Thanks Bruce for a great class!
14. I think Bruce is an awesome teacher! He makes class interesting and uses students and real life situations to relay concepts. He is also very understanding. One negative thing I will comment on though, is his notes are a little overwhelming, in that there's so much information to take from them and they are hard to study from.
15. Bruce, You are an awesome teacher. This was my favourite class, I learned a lot. I really enjoy your stories they really helped me to remember some of the information. When I 1st started your class I thought it was going to be a breeze, I thought wrong which is not always a bad thing. I believe this class help to socialize me better. Thx.
16. I really enjoyed this class and I learned a lot, Although my grade does necessarily show this. I feel as though my grade was lowered then it could have been simply because of the reading tests. Don't get me wrong the txt book and reading book are great (got a lot of it) but when I would read the chapters we would be tested on and then write the exam (reading test) I wouldn't do good (I did

horrible) not because I didn't read it but the test were far more detailed. Suggestions → perhaps a paper or some other form of testing & reading tests. Then the final grade is more spread out!

Thanks!

17. Clear communication of ideas. In depth explanations. Shared personal experiences (often amusing) in order to add realistic point of view. Level of professional courtesy that is rare. *THAT'S HOW GOOD HE IS! P.S. If he has a daughter, I want to meet her.
18. I thought Bruce did a great job and his enthusiasm and knowledge are very apparent when it comes to sociology. To make things even better I would just suggest explaining in greater detail how you will be evaluating written assignments/tests well before hand could help some students get an edge. All in all though, a great experience. Thank you very much. "Student name"
